

Aesthetic Skin Care
Marie D. Barbuto RN, BSN, CANS, CPCP

Permanent and Reconstructive Cosmetic Policy
Effective September 19, 2017

- Each procedure scheduled requires a \$200.00 deposit to reserve an appointment. Deposit will not be refunded once you schedule your appointment. The \$200.00 deposit will be applied toward your treatment. Your cost is for 2 visits.
- We require 48 hours to change a scheduled appointment and will only allow one change in the schedule so your deposit will not be lost.
- If you are more than 15 minutes late, we cannot work on you as it will affect all the patients after you and you will lose your deposit.
- After the initial procedure, all follow up appointments need to be completed by 8 weeks. There will not be any additional charge for the second appointment. Additional fees will apply if you go beyond the 8 weeks for your second appointment.
- If you do not attend your second appointment or fail to cancel with at least 48 hours' notice there will be a \$200.00 fee to reschedule the treatment.
- Please be aware that the final result of your procedure(s) is determined by how you care for your procedure, how you heal and your lifestyle. We make no guarantees on how long the tattoo will last. Over time the application can possibly fade from sun exposure, smoking, medical conditions and age. Any additional visits after your included 2 visits will incur additional fees.
- We recommend a yearly maintenance visit. The cost of yearly maintenance visit is determined by how many visits you will need. If you are retaining the color, you will most likely only need one visit.
- There will be NO refunds issued.

I have read and I understand the policy as written,
